

Italian regulations for pharmaceutical companies

Any pharmaceutical companies producing drugs in Italy, and participating as sponsors or exhibitors at this event, must be registered at the Italian Ministry of Health.

Application to participate to The International Liver Congress™ 2020 must be presented to the Italian Ministry of Health at the **latest 70 days prior** to the beginning of the event. Applications after this deadline date will be rejected.

Application to participate must be made through a local agency who will forward the registration request to the Italian Ministry of Health in the specific requested format.

TWT srl has been appointed by EASL as the sole agent to collect applications from pharmaceutical companies and file them with the Italian Ministry of Health for the The International Liver Congress™ 2020, to be held in London, United Kingdom, 15-19 April.
